**Plane Drops
Nazi Leaflets
In Suburbs**

A single-engine plane was let's over portions of Alexandria and lower Montgomery county late yesterday afternoon. Police in both areas said the received numerous complaints.

The leaflets, which contained attacks on Dr. Ralph Abernathy, head of the Southern Christian Leadership Conference, other Negroes and Jews, were published by the National Socialist White People's Party, 2507 N. Franklin rd., Arlington.

William Pierce, who identified himself as party ideological officer, denied any knowledge of the airplane distribution of the pamphlet.

National Airport police, who also received complaints about the leaflets, said they would turn over copies to the Federal Aviation Administration.
